### We all love a challenge.

Alt. is a chance for bikers to summit three iconic Bay Area peaks all in a day while relying on public transportation to make it possible. Parks matter. Transit matters. People matter.

### Here's how you fit in:

Hop on your bike, take public transit, take a hike, or attend an open air party: it's your choice. Whatever you do on June 16th, it's your chance to celebrate everything that's great about the Bay Area: its alternative community, its altruistic culture, and its beautiful landscape.
